Tutor's Response

Hi Blessing,

It was great to read your discussion. I hope you have found the seminar informative discussing the use of STRIDE + DREAD.

Thanks

Tutor's Assessment Feedback

1. Some excellent work as a team. It would be good to know a bit further details on what didn't go as expected in meaningful contribution, assignment/task submission time and quality of work.

Overall Feedback

Thank you for submitting the assessment. Here are the comments and feedback.

Overall, a very good and detailed understanding of threat identification with impact identification and mitigation. Justification could have improved with further use of

resources and discussion. Very good use of STRIDE, however, it would be an excellent

attempt if this could be used in conjunction with DREAD to support the risk analysis.
